

To whom it may concern:

Yad Yosef Hamashbir is a food distribution gemach established nine years ago (2003) by the founder, Yair Grama. The organization supplies weekly fruit and vegetable baskets to nearly 200 families who are struggling and in distress due to poverty, illness, divorce, widowhood, or the difficulty of making ends meet on a Kollel stipend with a large family.

At times, especially before holidays, extra supplies are added to the fresh fruits and vegetables to help the families provide for the festive meals with joy. In addition to the year round weekly food distribution, we also provide kimcha D"pischa to these families.

People that we serve come from not only Ramat Bet Shemesh Aleph to receive their packages but from the outlying areas as well.

We would like to continue our efforts to provide these allocations but unfortunately our large truck has broken down. We can no longer bring the large amounts of food that we once did, as we are now borrowing a wagon that limits us to providing food on a much smaller scale. We are in need of your help to purchase a new truck so that we can provide the proper amounts of food to these needy people.

Your contribution towards purchasing this truck will be much appreciated by it's many recipients.

Please feel free to browse at the pictures of what we do. Some pictures are from the article written up about us in the "English Mishpacha Magazine".
